We need to know approximately how many 50th Anniversary Medals will be purchased by Society members. Please fill out the bottom section of this notice and return it to me in the enclosed self-addressed envelope. The prices given are approximate, but should be close to the eventual cost. The medals will be delivered in February 1983 and we must get our order to the manufacturer by October 1982. So please respond so that we can get the ball rolling.

With the help of the ANA slide program I will be giving a talk on Hard Times Tokens, Part I, The Political Pieces. Former President, Jim Heath, will be speaking on Hard Times Tokens, Part II, The Merchant Pieces, at our May meeting. TIME: 7:30 PM

PLACE: Madison Public Library

Many thanks to Jim Heath for his talk on Hard Times Tokens, The Merchant Pieces. If anyone would like to speak before The Society please, let me know. We have meetings at the end of the year with no speaker scheduled. Come on and talk to us about your specialty.

Anyone wishing to order 50th Anniversary Medals contact me.

Currently I am writing a series of articles for "Penny-Wise," the journal of The Early American Copper Society. These articles are an in depth look at the Colonial Coins in The Bushnell Sale of 1882, comparing them to some of the famous sales of the last few years. Since The Bushnell Sale is considered the first of the modern auction catalogues, and was auctioned off one hundred years ago this month, I will speak about the sale and it's importance to numismatic history.

### Topics for the evening:

1. Famous American Men on coins, tokens and currency.  
(Happy Father's Day)
2. Military Payment Certificates (In honor of D-Day)
3. Colonial and Early American Tokens.

We're here! January 1983, our 50th year is upon us, and kicking off with our 500th Meeting. Great plateaus reached by a great numismatic organization. At this meeting we will be giving out the 500th Anniversary Sovenir Cards. Those who are not in attendance will have their cards sent to them in the mail.

Ernie Keusch will be giving a presentation on U.S. Assay Medals, one his favorite subjects. As a matter of fact the subject for the entire meeting will be "my favorite coins, tokens or currency." Each of you can bring in some of your favorites and discuss them with The Society. This should make for a very interesting and enjoyable evening.

To close I would like to say to Charles Nettleship (our founder) and to the other early members of The New Jersey Numismatic Society thank you. Thank you for what you started and what you have given us today.

Many thanks to Harold Flartey for the fine article he wrote for Coin World (March 16, 1983) on The Society's 500th Meeting and 50th Anniversary. I think that he really captured the flavor and spirit of The New Jersey Numismatic Society. I wish to announce to the membership the establishment of The Charles F. Nettleship Award for meritorious service to The Society. The first award will be presented in the next few months and the name of the recipient will be mentioned in the monthly notice.

I wish to remind the membership that dues are still being collected, so if you haven't mailed yours in yet please do so.

There is no doubt that one of the country's most turbulent eras was that of The Civil War. Because of the unsure situation during these times all of the coins were hoarded and soon disappeared from circulation. This eventually led to the issuance of one of the more interesting items in American Numismatics-The Civil War Token. The two most important things that we can offer at our meetings are coins and air conditioning. After this wave of heat and humidity its impossible to say which is more enjoyable. (Coins still win, of course).

The highlight of this meeting will be a talk on Medieval Coinage by Richard Giedroyc. Since I have been a member of The Society this topic has never been discussed, so this should be a most entertaining and enjoyable presentation. I hope that all of you can attend.

General elections will be held at this meeting and I hope that all of you can come out and vote. The Society needs your active participation.

I would like to congratulate Herbert Oechsner on being voted the first recipient of The Charles F. Nettleship, Jr. Award for meritorious service to The Society. Herb's contributions to The Society's continuous quest for numismatic knowledge, his input at the meetings and his active role in a leadership capacity make him an excellent choice for the award. Congratulations Herb.

I would like to take this opportunity to thank The New Jersey Numismatic Society for giving me the opportunity to serve as your president for the past two years. Being president during our 50th Anniversary celebration, the issuance of the 50th Anniversary Medal, and our 500th meeting sovenir card will be cherished memories for me for the rest of my life. I am looking forward to attending future meetings and helping the new administration in anyway possible. Again thanks.

I hope that all of our members will have a Happy Holiday and Happy New Year.

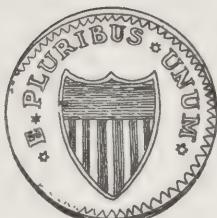

Sincerely,

*Harry J. Rescigno*

October already? Where is the year going? Quickly by, I'm afraid.

We will not have a speaker at this meeting, so, we will all be speakers. The topic will be our favorite coin (or coins), medal (medals), token (or tokens) or paper money. Each of you is asked to bring in one or more of your favorite numismatic items and tell us why it is your favorite. I expect that we will see some interesting material, so please try to attend.

Remember that in November we will be accepting nominations for 1987 officers. Start thinking about it.

Attendance has been good at our meetings, but could be better. We usually have many interesting items on display and the numismatic information discussed is of the highest caliber. The meetings are always informative and fun. If you can make it, please do.

Sincerely,

  
Harry J. Rescigno
